

GEO MARMA - SET OF 9

EXTERIOR GEOPATHIC REVERSAL

Geo-Marma is a product to be used in a property where big VV17 with marma remedies is too big and regular marma or 9-vital point remedies are too small.

It should be noted that if not properly handled, these 9 points of the plots are most vulnerable and weak areas from where geostress can travel to habitats.

Geo-Marma is a strong product, which has strength to activate these points on a positive emission. Geopathy & marma solution goes hand in hand.

- These vital point remedies are used where creation of a Vastu boundary using cosmic symbols is not possible.

- The range of this new solution is for properties of the area between 1 to 5 acres.

- For larger plots, above 5 acres and more, we use regular marma remedies along with VV17 both together.

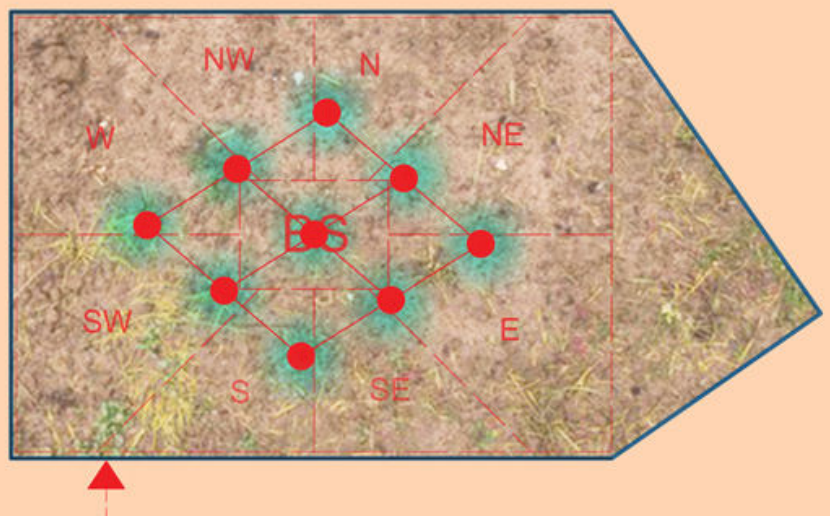

- Geo Marma would act as a strong solution for unblocking 9-vital Marma of mother earth and also shielding the house of property from Geo stresses.
